INCLUSION POLICY

The City of Richardson's Parks and Recreation Department encourages people of all abilities to participate in the recreational activities that are of interest to them. We strive to enrich our community through innovative recreation and leisure experiences, and opportunities to increase life and leisure satisfaction. It is our goal that people achieve a more positive, independent leisure lifestyle while participating in all of the activities. If you require special assistance to participate in any classes or activities, call 972-744-7881 or 972-744-7850 or call the Therapeutic Recreation Coordinator at 972-744-7854. Any participants requiring assistance with matters not directly related to the activities and needing assistance with medications, toileting and feeding must bring a chaperone/aid. Volunteers are needed to work with individuals who require special assistance. Special skills are needed but not required. For information, please contact 972-744-7854.

To ensure the safety and enjoyment of others in recreation programs, participants are expected to display appropriate behaviors. The success of all recreation activities depends not only on good planning and instruction, but the conduct of participants. Appropriate behavior includes the ability to follow instructions and interact with other individuals in a positive manner. Parks and Recreation staff will discuss behaviors of concern with the participant and his/her family when necessary.
